

Chester Potter (Dwelling #677)

Chester Potter was the second son and fourth of twelve children of David and Charlotte Osborn Potter. He was born on October 29, 1822 in Lorain County, Ohio.

The Sand Prairie Branch Records listed Chester Potter and Elisabeth Potter who was born in 1822 in England. FamilySearch.org listed a wife for Chester Potter as Elisabeth Green. The place listed was Sacramento, California with a birth date of 1832. This could be in error as Chester never made it to the west.

Chester's mother and father, David and Charlotte, went west with the Brigham Young Company of 1848. Chester may have been living in their cabin in Big Pigeon. Elisabeth is not listed and must have died between the time they lived in Sand Prairie and Big Pigeon.

Chester died in June 1851 probably in Big Pigeon. If so, he is buried there.
